1977 DELVIAN

Mississippi Valley State University

Itta Bena, Mississippi

Editor-in-Chief
Frankie Hutchins

FOREWORD

MISSISSIPPI VALLEY STATE UNIVERSITY is a place where students form through the certainty of their existence, a quest for LIFE, LIGHT and TRUTH. In the midst of this existence lies one of man's noblest instincts, the pursuit of excellence and the drive for self-improvement that students at The Valley adopt in their own way.

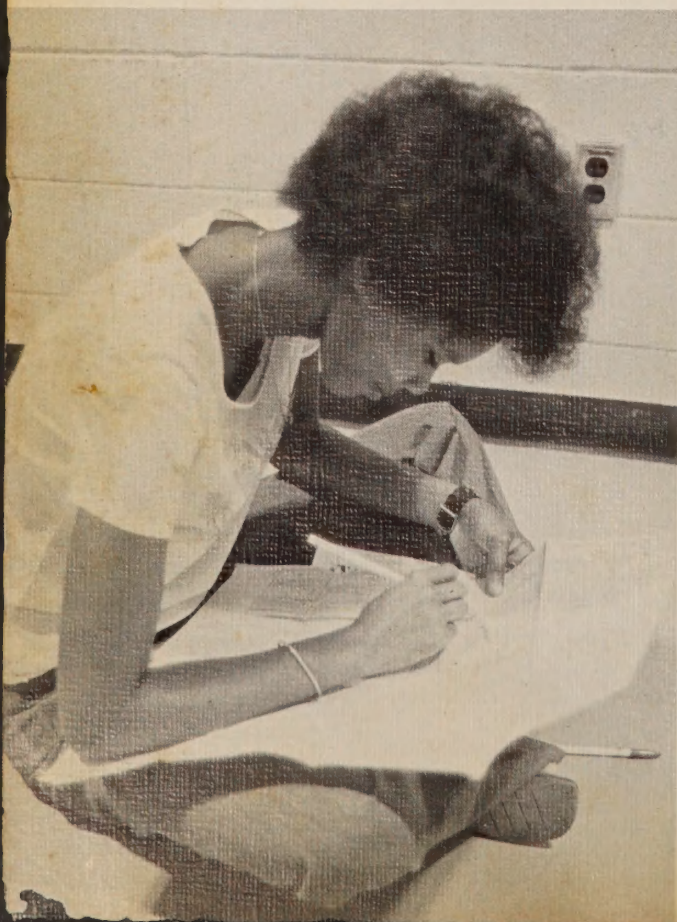

The 1977 Delvian follows its predecessors in reporting the nurturing and development of the students at this University who come "TO STRIVE . . . TO SEEK . . . TO LEARN . . . AND NOT TO YIELD."

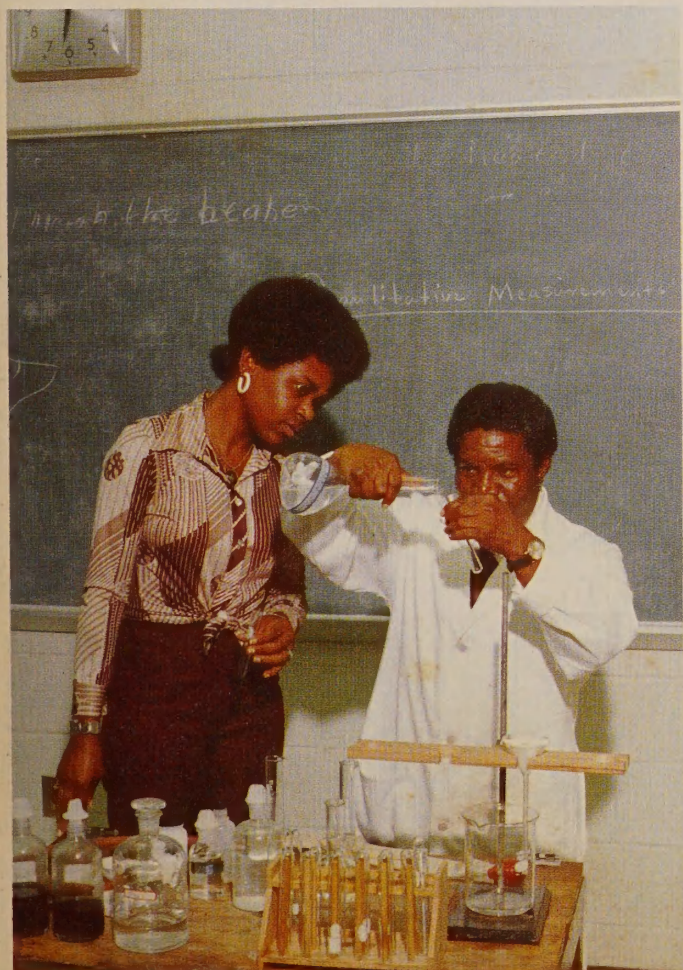

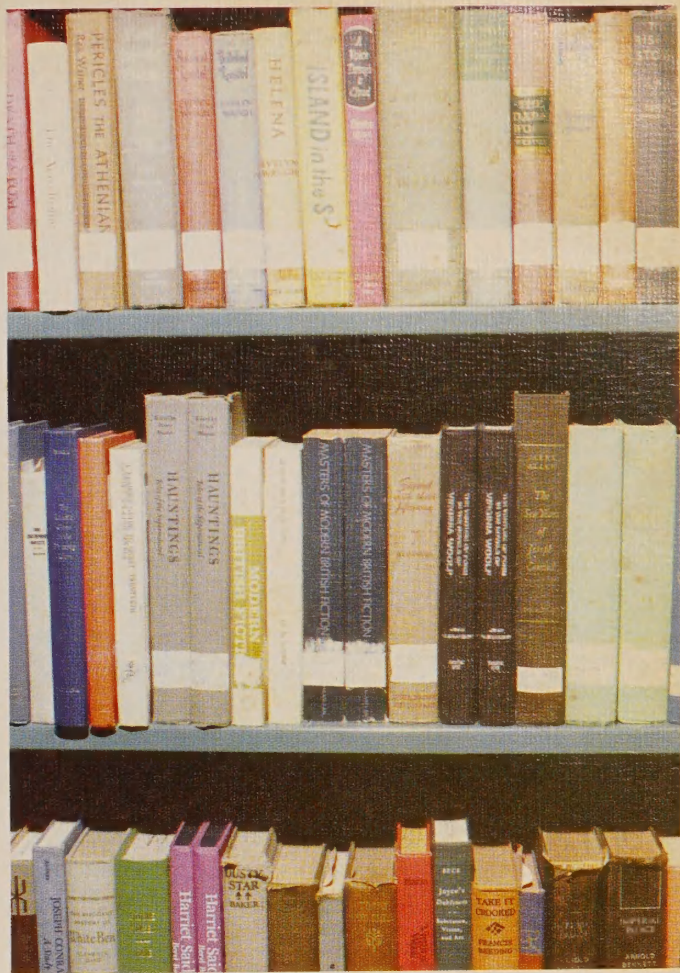

Vo. 33

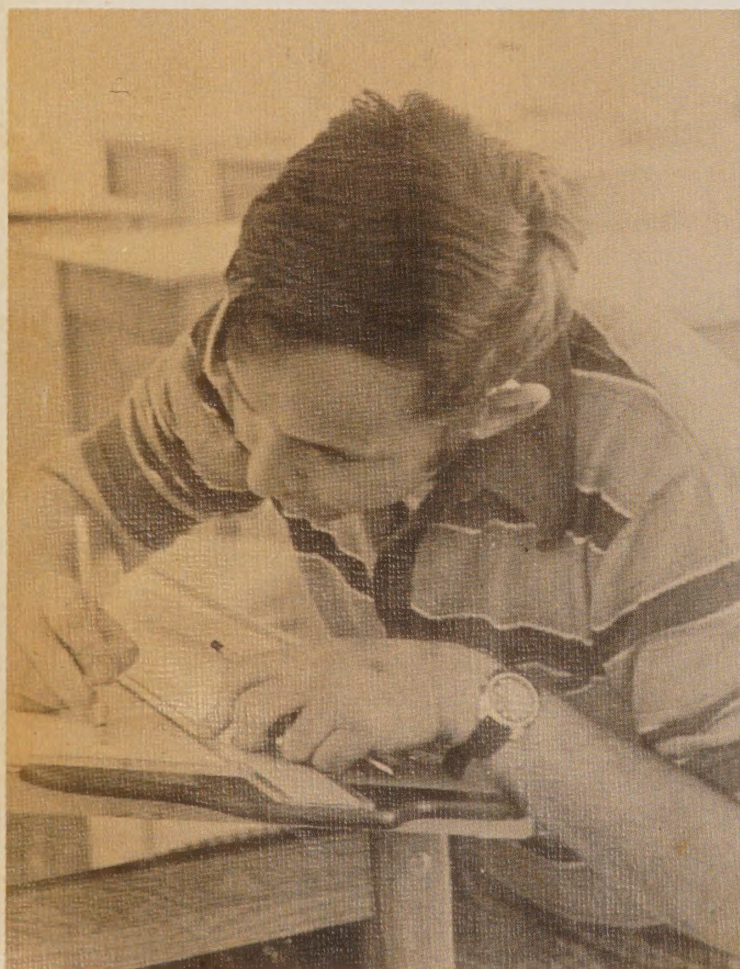

ACADEMIC
SKILLS
PARLOR

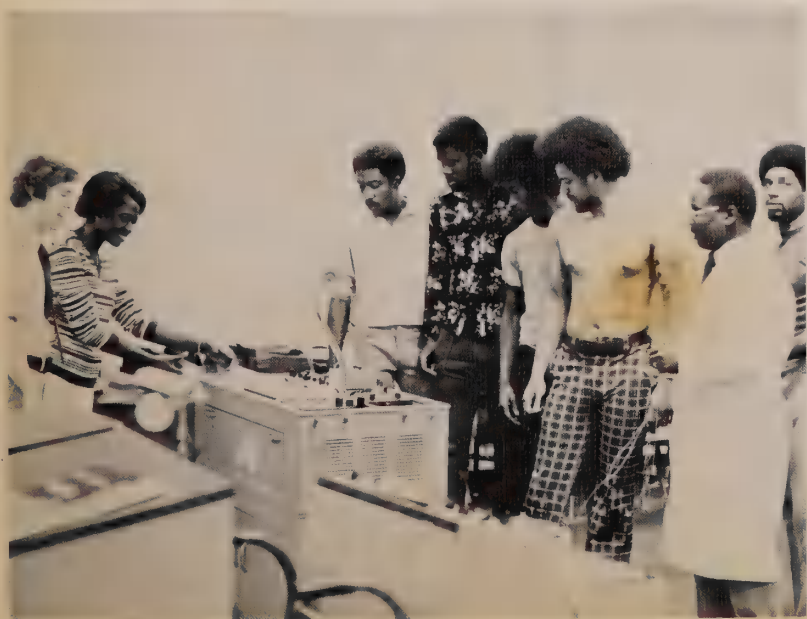

In pursuit of excellence and the drive for self-improvement many come to The Valley with quite specific aims. Others come seeking direction. But, whatever their motivation, they are united in purpose.

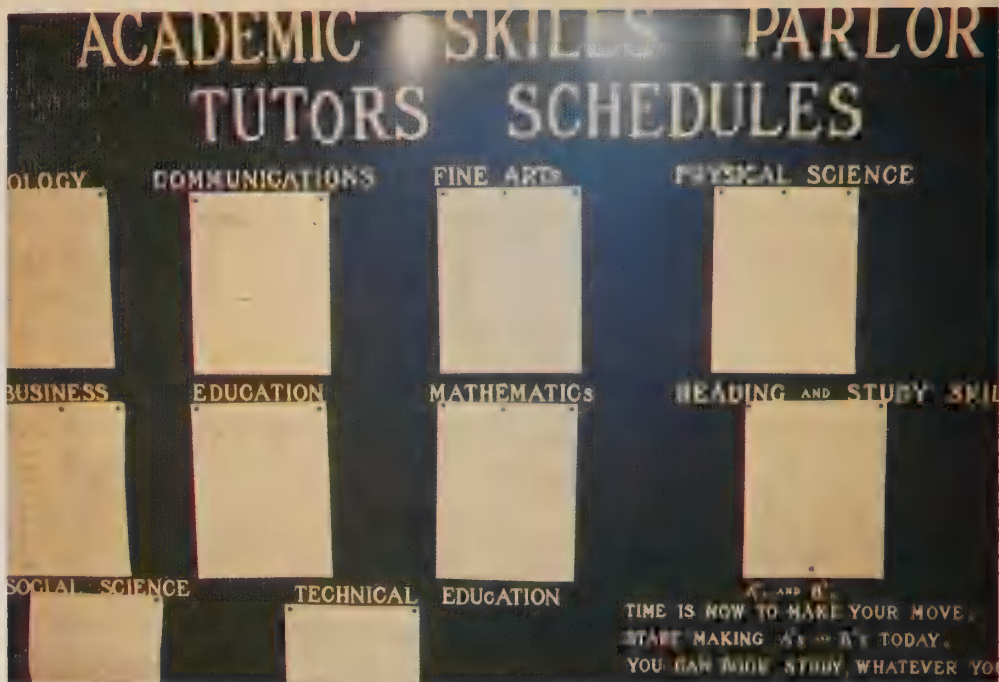

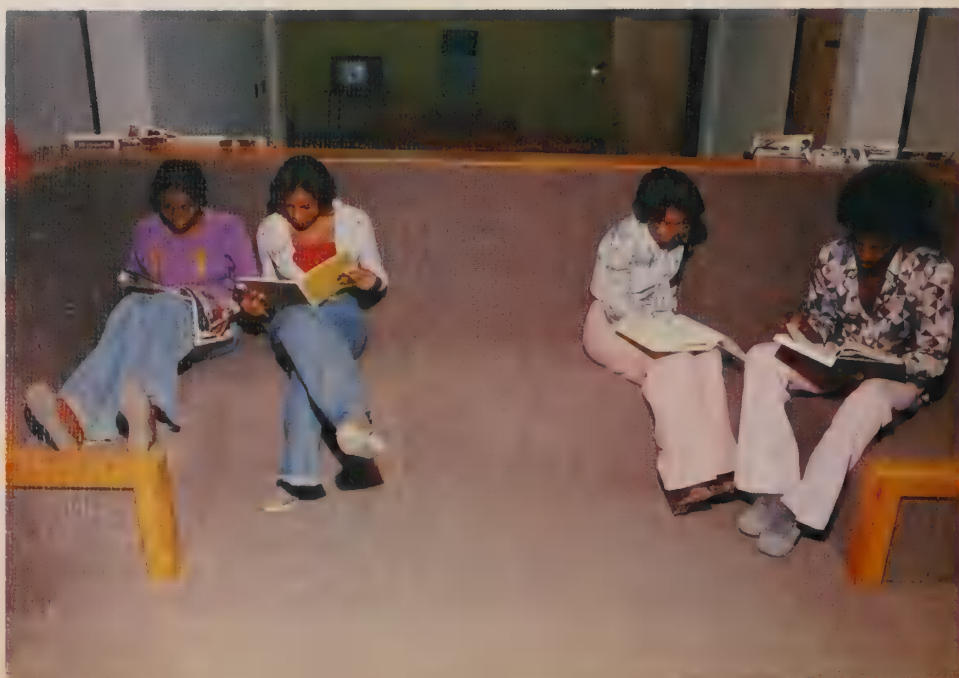

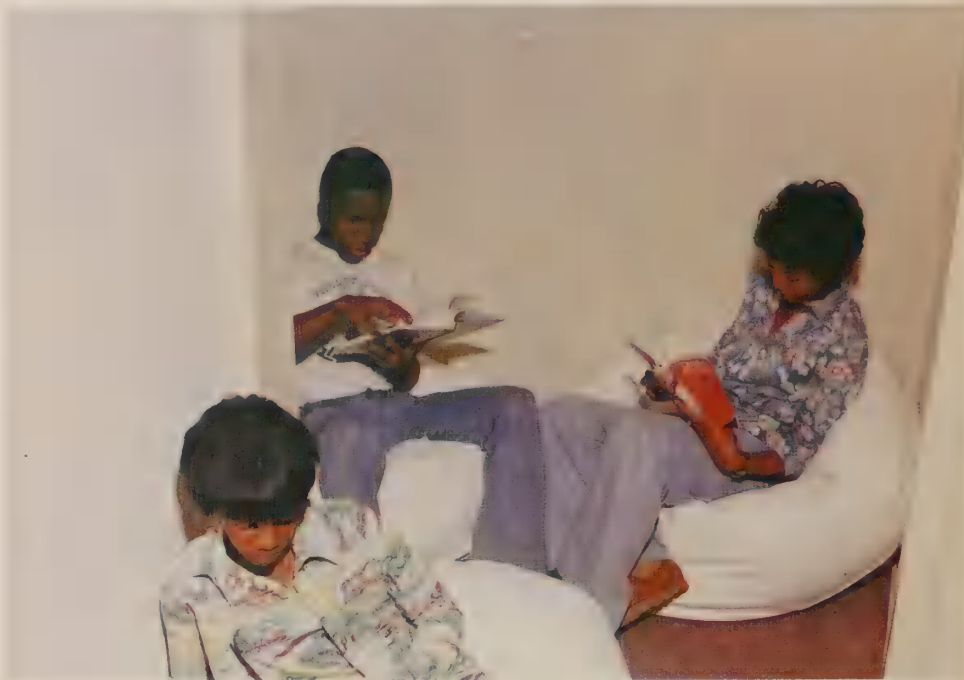

All endeavor to Learn. Those in quest of dreams commune with themselves, and with others. In the process, viable relationships and values are formed.

THE ACADEMIC SKILLS PARLOR has many parlors within the parlor in an attempt to meet all modes of study. The parlor has designed an informal parlor for those students who study best in an informal setting — be it in the "Conversation Pit," or the "Bean Bag Nook."

In an attempt to strive for better speech models, the students in the parlor view various television programs to identify with an ideal speech model. Some students are turned on more so in the structured formal settings as depicted in the reading parlor where students are actively involved.

THE FOURTH ANNUAL CAREER FAIR, sponsored by the Career Counseling and Placement Office, is another example of how MVSU strives to present learning opportunities to Valley students and students from the surrounding community.

Area High School and Valley students had a golden opportunity to learn about various careers available in Mississippi, the nation and the world in continuing education, government services, and private industry.

Students waiting for the boat in Venice.

Jessie Davis sketching on the Acropolis in Athens.

Alex painting in Venice.

Dino resting within view of the Eiffel Tower.

ART SEMESTER ABROAD is a part of the educational process at The Valley. In this program students strive for firsthand knowledge and formative skills. The program provides student participants the opportunity to broaden their artistic ability with other professional and practicing foreign artists, with whom they exchange views about art.

Jessie painting in Rome.

Pat and Dino are on their way to sketch in the streets of Florence.

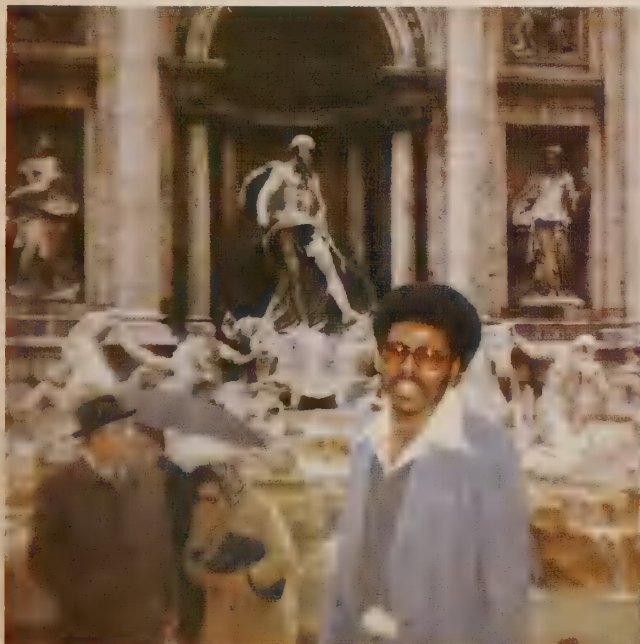

MYSU students visiting the Monastery at Delphi.

Geraldine Torry is in front of the Louvre in Paris.

Pat Jackson is in the Square of San Marco in Venice.

Freddie Norman throwing his coin in Treir Fountain in hope of returning to Rome.

Geraldine Torry visiting Notre Dame Cathedral in Paris.

In an endeavor to broaden the learning process of Valley State students, highly esteemed SPEAKERS, alumni included, are invited to the University to share their related experience and knowledge.

Dr. Lyman B. Brooks, Norfolk, VA — Faculty Orientation.

Representative (Rev.) Horace Buckley, '64, Jackson, MS — Religious Emphasis Week.

Dr. Mary Benjamin, Jackson, MS — Social Science Conference.

Caron Carter, Representative of the Jimmy Carter Presidential Campaign, speaks to the Valley Family.

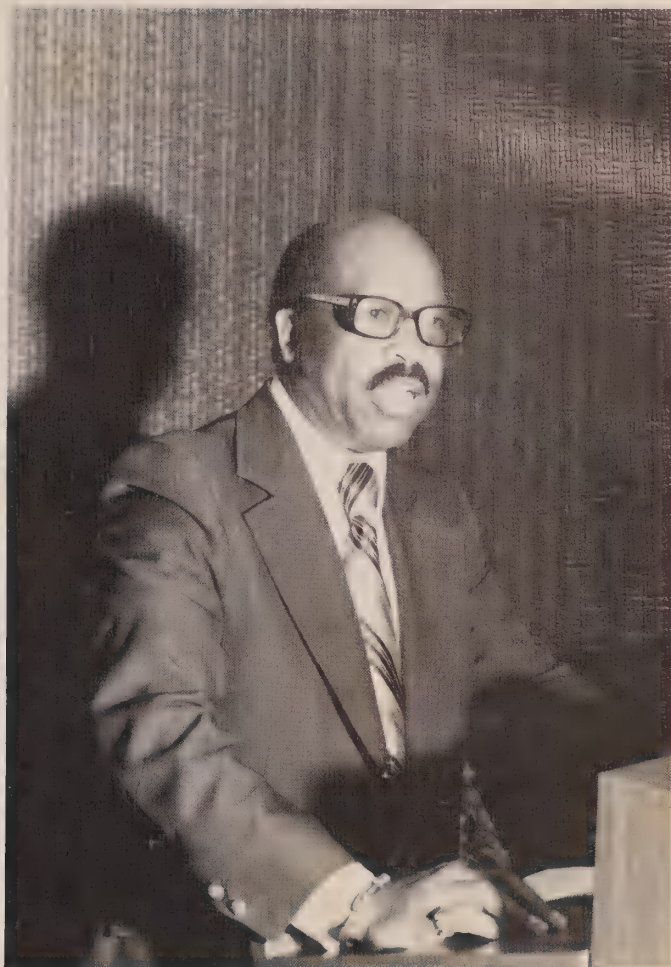

Attorney George McNally, Atlanta, GA — ACTION.

MVSU'S ROCK GROUP, "SOUL MAKOSSA," PERFORMS FOR USO SHOWS TOUR IN THE PACIFIC — They strive to entertain our nation's military troops. In the process this group lifts the morale of the American soldiers and learns the Oriental way of life. They performed in Japan, Korea, Okinawa, Taiwan and Hawaii.

Group receives plaque for outstanding performance in Seoul Korea.

Loading equipment to perform on the DMZ.

16 Scene from the Ferry Boat in Okinawa, Japan.

Troops get involved at Club Cubú Okinawa.

Scene in Hawaii on route to Waikiki Beach.

Stage show in the Philippines.

Getting down in Okinawa, Japan.

Loading boat for Taiwan, China.

Relaxing between performances on a boat cruise.

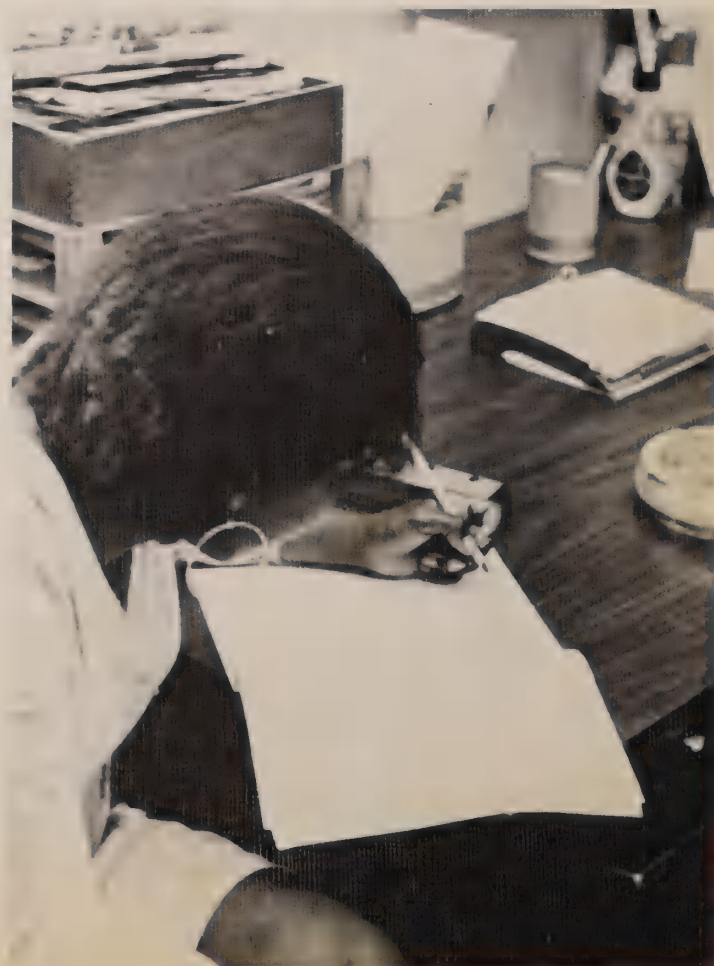

While performing in Taiwan the band experienced an enthusiastic audience.

In COUNSELING the concept of individuality is accepted . . . there is recognition of the fact that each person has needs, concerns, feelings and problems that are unique to him in his personal life.

By using interviews, tests, surveys, inventories, occupational and educational information and referrals with counseling, the students strive to understand themselves and their world in order to make the wisest decisions about their future.

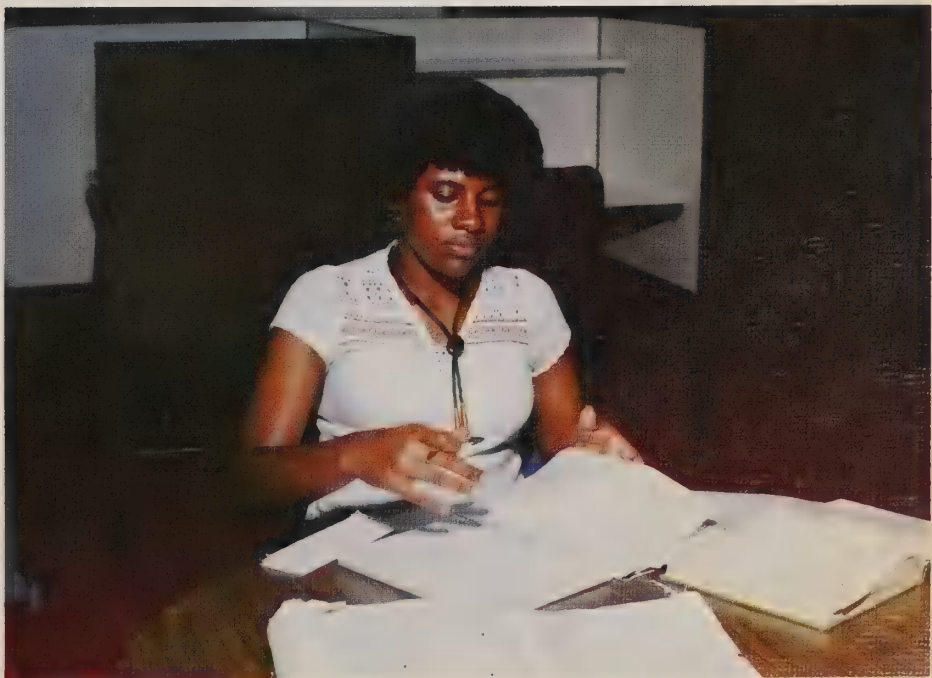

In NURSING students learn the basic fundamentals of caring for patients and also participate in community health activities.

Students in COMMUNICATIONS strive to reach their maximum potential in all areas of the communicative arts by seeking learning experiences through which practical knowledge is gained. This experience is provided through the University's Audio Visual Aid Center and the facilities of WABG-TV, Greenwood.

The acquisition of academic excellence has emerged through many long hectic hours in the library. The library, with its abundant facilities, is a place where students go to study, read, do research, and gain additional knowledge.

VALLEY GRADUATES RECEIVE CITATIONS ON ANNIVERSARY DAY.

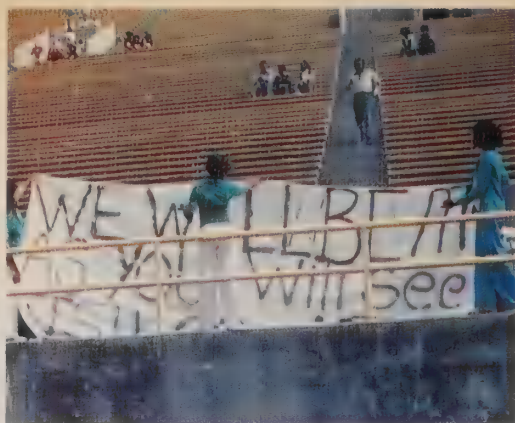

In an effort to involve the youth of the community, the National Youth Sports Program (NYSP) was conducted through the department of HPER at the University. The youth in this program learned the basic skills of swimming, football, basketball, softball, gymnastics, track and field, volleyball, and tennis.

Two Consecutive
Years for
the Delta Devils

and
the University
Marching Band

AIR FORCE R.O.T.C.

The Challenges of Summer Camp

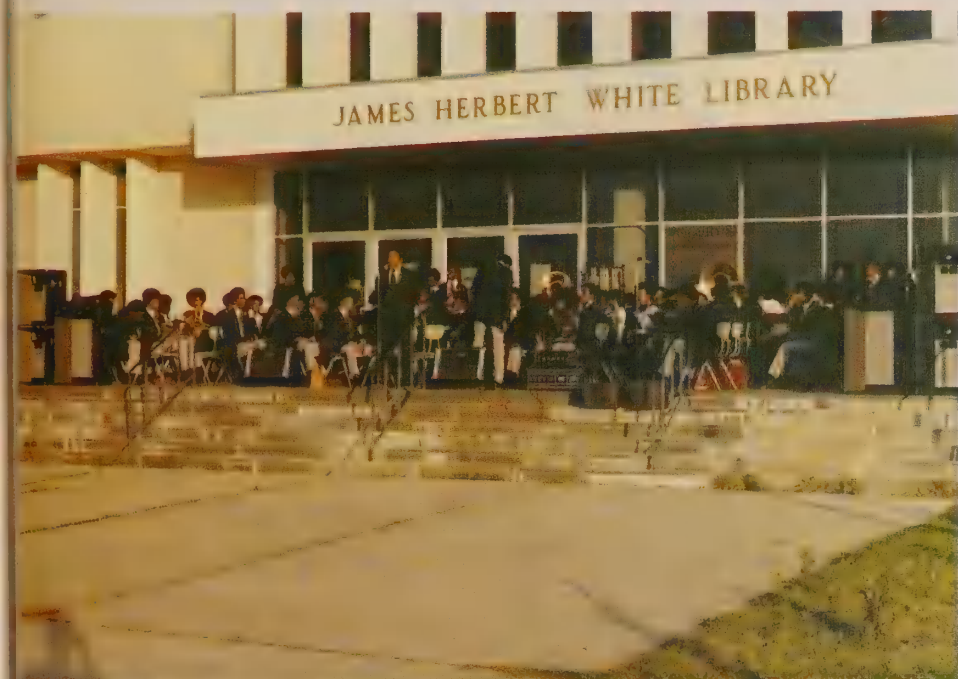

The Goal

SILVER ANNIVERSARY CELEBRATION climaxed with an Anniversary Dinner and Open House. Parents and friends came to the University in an informal gathering, walked the campus, toured buildings, signed the guest book and took note of a unique University where students come TO "SEEK . . . TO STRIVE . . . TO LEARN . . . AND NOT TO YIELD."

The daylong event closed with an assembly in front of the University Library. President Boykins extended thanks to the many parents and friends for coming. With music played by the University Concert Band, the Alma Mater was sung by all.

COOPERATIVE EDUCATION students at the University combine study with experience by alternating semesters of school with semesters of professional training directly related to their curriculum and career goals.

Students strive for excellence
in academics and receive hon-
ors for their achievement.

The final day for those in pursuit of academic excellence came to an end for many.

Wherever they go, they reflect a measure of the success of the University. But more so, they reflect a measure of the success of themselves.

Wherever they go they will have the certitude that their efforts . .

TO STRIVE . . . TO SEEK . . . TO LEARN . . . AND NOT TO YIELD
were perfected.

In Memoriam

He gave 22 years of service to The Valley.

DR. JAMES W. SIMMONS PROFESSOR OF EDUCATION

In November of 1976, the Valley Family witnessed, with deepest regrets, the passing of Dr. James W. Simmons. Dr. Simmons had served The Valley since 1954 in various capacities including head of the Education Department and Director of Testing. At the time of his passing Dr. Simmons was serving as Professor of Education.

His beautiful life will always be remembered by the University Family and the communities in which he served as one of peace and love. The lives of students and adults as well, were blessed with the privilege of having been inspired by such a scholar, author and friend whose life was dedicated to the service of mankind.

Dr. Simmons' commitment to Mississippi Valley and to higher education was evident by his persistence in pursuing his own professional development and through his attempt to instill similar aspirations in his students. His training and experience were valuable assets to the educational efforts of the Division of Education and the institution.

Dr. Nathaniel Boclair, Chairman
Division of Education and Graduate Studies

Editor-in-Chief

DAVIDSON '77

Editor's Message

The long and difficult task of completing the 1977 Delvian has come to an end. Indeed, it took a lot of hard work, time, and energy, but finally a dream of hope became a reality.

The 1977 Delvian reminds us of many cherished memories — the joys, sorrows, and surprises that happened during the past year. We have attempted to capture, in pictures and words, some of the moments that may have made the year special at Mississippi Valley State University.

I wish to express sincere gratitude to the staff and section editors who alleviated much of the work that had to be done. Special thanks and appreciation to Miss Hattie Jenkins, Advisor, and Mr. Floyd Bailey, Photographer, for their assistance — without their immobile initiative the Delvian would not have been completed. My sincere thanks also goes to Mrs. M. E. Fingal, Director of Development Services, for her moral support — a much needed asset in the production of this yearbook.

To all Delvians, I present to you the 1977 Delvian. We, the staff, truly hope you will enjoy this edition. It is understood that no two men see things exactly the same, so try to see this review the way we saw it, and next year add a helping hand.

The 1976-77 Delvian Staff
